GUNS ALMOST  
ERASE BURMA  
FREE CABINETTERRORISTS KILL 6  
LEADERS IN 9-MAN  
GOVERNMENT

BY ERNEST AGNEW  
London, July 19 (AP)—The British government announced today that five "terrorists" almost wiped out the nine-man government of Burma today with a spray of machinegun fire which swept the council chambers in Rangoon.

Maj. Gen. U Aung San, 32-year-old "strong man" who was in line to become the first Prime Minister of the aborning independent nation and five of his colleagues in the cabinet were killed and two others wounded. A guard also was wounded, and the attackers fled unscathed in a jeep.

## "Murderous Attack"

The British government's Burma office called it a "murderous attack."

Burma apparently was under a censorship blanket following the incident, as no news came directly from Rangoon concerning the incident except as relayed through the British governor, Sir Huger Rance.

But the official British statement said, "there is nothing in the reports so far received to suggest that the situation is not fully under control. Further information will be made available."

Aung San was leader of Burma's strongest political party, the Anti-Fascist Peoples' Freedom league which has come into frequent collision with Burmese communist party members and other Burmese who contended it was "working with the British" to make Burma a dominion within the empire.

## Door Guard Shot

The official account of the attack said:

"When the executive council was in session, a jeep drew up to the main entrance. One man stayed in the jeep and five men armed with Sten guns and two rifles went upstairs to the council chambers.

"An armed guard outside the door tried to stop them and was shot. He was badly wounded and could not give any details. The three men armed with Sten guns entered the council chamber and sprayed the occupants with bullets. They then made good their escape in the jeep.

"The following casualties are now confirmed:

"Dead — U Aung San, deputy chairman of the council; U Ba Win, member for commerce and supplies; Abdul Bazak, member for education and planning; Mahn Ba Khain, member for industry and labor; Thakin Mya, member for finance; Ohn Maung, deputy secretary, transport and communications department.

"Wounded — U Ba Choe, member for information; the Sawbwa of Mong Pawa, councillor for the frontier areas.

"The casualties were sent to the general hospital without delay and the situation is reported to have been efficiently handled by the police.

In a broadcast, Sir Hubert deplored the assassinations as "dastardly act" and announced the formation of a new executive council.

"I am glad to inform you," he told the Burma people "that the President Thakin Nu, has agreed to form a new council and that he will have in this task the assistance of Pyaw Bwe Umya, U

Royall Confirmed  
By Senate As New  
Secretary Of War

Washington, July 19. (P)—The Senate unanimously confirmed tonight the appointment of Kenneth C. Royall to be secretary of war.

Confirmation was by voice vote. Royall, undersecretary of war since November, 1945, was named by President Truman yesterday to take the place of Secretary Robert P. Patterson, who resigned.

Confirmation took little more than 24 hours. The armed services committee unanimously approved the nomination this morning, and the Senate waived its rule requiring nominations to lie on the desk for one day.

More than half a dozen senators paid tribute to both Patterson and Royall.

Royall, 53, a native of North Carolina, is a veteran of both wars and a former brigadier general.

BOYCOTT AIMED  
AT JAP TREATYRussian Envoy Fails To  
Show Up At Meeting  
Called By U.S.A.

Washington, July 19. (P)—An apparent Russian boycott of the very first international meeting called by the United States on a Japanese peace treaty was revealed today by the Soviet embassy and admitted by the State department.

Nine other countries were represented in the meeting which was held in the State department on July 11 but no Russian envoy ever showed up. There is speculation whether this is a significant indication of the way in which the Soviet union will react to American plans for a veto-free Japanese peace conference system.

The Soviets have not directly responded to the American proposal for an eleven-nation conference to begin work on Japanese peace settlement August 19 in Washington or San Francisco.

Several other nations in the British bloc have said the date conflicts with some of their own arrangements and should be delayed.

What the Soviet embassy did do after a week of silence was this: It issued a statement today denying a state department press release of last Wednesday saying that a Soviet representative had been present at the July 11 session called by assistant secretary John H. Hilldring for the purpose of presenting the American proposals.

The Soviet statement reviewed the pertinent sections of the press release with respect to attendance and then said that "the Soviet embassy considers it necessary to eliminate the inaccuracy contained in the above mentioned press release" because there was no Soviet representative present at the Hilldring conference.

TAX CUTS HAVE  
CHANCE IN 1948Party Leaders Hopeful  
Of Reducing Income  
Levies Next Year

BY EDWIN B. HAKINSON

Washington, July 19. (P)—Three senators who helped kill the \$4,000,000,000 income tax reduction said today there still is a good chance that 1948 levies on 49,000,000 federal taxpayers will be reduced.

This opinion was offered in separate interviews by Senators Aiken (R-Vt.), Tydings (D-Md.) and Hatch (D-NM).

But Senator George (D-Ga.), dean of the Senate tax experts and a supporter of the two Republican tax reduction efforts, said he doubted that "any straight income tax reduction measure is possible now."

Chairman Knutson (R-Minn.) of the House ways and means committee, author of the ill-fated \$4,000,000,000 tax cut bill, told a reporter today he has "no plans to press another bill in 1948. I feel the issue should go to the country. But the decision is up to the party leadership."

House Republican Leader Halleck, of Indiana, joined with those still hoping for tax reduction in 1948.

"The Republican party should give the people this relief," he told reporters. "If Mr. Truman continues to block us, then the decision must be made by the people."

CASH GRANTED  
FOR TERMINAL  
LEAVE BONDSVETERANS COLLEGE  
LIVING FUNDS  
INCREASED

BY MARVIN L. ARROWSMITH

Washington, July 19. (P)—By a vote of 85 to 0, the Senate today passed and dispatched to President Truman legislation authorizing 9,000,000 veterans to cash \$1,800,000,000 in terminal leave bonds.

The Senate earlier had passed by a voice vote another bill which would increase living allowances to veterans going to school under the GI Bill of Rights. The bill now goes to the House.

The terminal leave bond measure got unanimous House approval two weeks ago. It would permit but not require former enlisted men to cash bonds issued to them starting last year in lieu of cash terminal pay.

Date Set For Sept. 1  
The bonds could be turned in for cash at local banks after September 1. Under the present law the maturity date is five years after the date of issue.

The bill also extends for one year beyond September 1 the deadline for application for terminal bonds by veterans.

The measure adjusting benefits to veterans attending school would increase subsistence grants from the present \$65 a month to \$75 in case of single veterans, from \$90 to \$105 for married veterans without children, and from \$90 to \$120 for those who have children.

Senator Taft (R-Ohio) said these 15 per cent increases are designed to compensate for higher living costs.

Estimating the cost of the subsistence bill at \$200,000,000 a year, Taft said he "believes it is justified and that it will enable more veterans to continue their education."

In urging adoption of the terminal leave bond measure, Taft told his colleagues it would give the World War II veterans an average of approximately \$180 each. But Senator Baldwin (R-Conn.) estimated the average at about \$214.

Payment Reduces Debt  
The Ohioan observed that the terminal leave bonds are counted as part of the \$256,000,000 national debt, and said payment of them "will reduce the debt just as much as payment of any other bonds."

AID FOR GREECE  
CALLED URGENT

Guerilla Army Trying  
To Organize Stooze  
Regime By Force

BY JOHN M. HIGHTOWER

Washington, July 19. (P)—The state department today urged the Senate to speedily approve aid funds for Greece and Turkey, reporting that a guerilla army is trying to "set up a stooze government by force" in Greece.

Robert A. Lovett, undersecretary of state, told a Senate appropriations subcommittee, that the situation has become more urgent since President Truman first proposed in March to help Greece and Turkey.

In addition to asking the committee to provide the \$400,000,000 needed to carry out the Greek-Turkish aid programs on which this country has already embarked, Lovett also urged action on a \$322,000,000 foreign relief bank. Both items already have been approved by the House.

In his unusual Saturday afternoon appearance before the committee Lovett reflected growing concern in high official quarters here over the situation in Greece, which under Communist pressure appears to be building up more and more as a crucial test of both the Truman doctrine and the peace-keeping power of the United Nations.

## TWO HURT IN CAR ACCIDENT

Mr. and Mrs. J. Natilo  
Injured; Driver Of  
Other Car Killed

Mr. and Mrs. John A. Natilo of 908 Seventh avenue south were injured at 1 a. m. Saturday in a car accident on US-241 west of the Escanaba city limits, and the driver of the other car, Glenn H. Johnson, 23, of Bark River Route 2 was held in jail awaiting arraignment Monday in justice court.

Sheriff's officers who investigated the accident and took Johnson in custody said that no charge had yet been made against him pending outcome of the injuries suffered by the Natilos.

Physicians at St. Francis hospital yesterday reported that the condition of Mr. and Mrs. Natilo was not serious. They suffered bruises, contusions and shock and at first it was feared they were seriously hurt.

The accident occurred two and three-quarter miles west of the city limits as the Johnson car, going west at 45 miles an hour, passed a car driven by Harold Duncan, 321 Ludington street, and collided almost head-on with the Natilo car, which was going east. The collision was between the left front end of each car. Neither overturned although the Johnson car was swung around facing east.

Riding with Johnson were his brother, Kenneth, 25, and a friend, Roger Johnson, 22, all of Bark River, Rt. 2.

The Natilos were removed to the hospital for treatment immediately after the accident. X-ray examination revealed that they had not suffered any fractures.

Mrs. Natilo is the former Cecile Ettenhofer, sister of Escanaba Police Chief M. F. Ettenhofer.

## Royce Park Circus Scheduled July 25

Under the supervision of the Escanaba recreation department a program of circus events is scheduled to be held at Royce Park (19th street and Sixth avenue) on Friday, July 25, starting at 10 a. m. and continued to 9 p. m., it was announced yesterday.

There will be two "big shows," one at 3 p. m. and the other at 7 p. m. Two comedies "The Census Taker" and "Hoke and Poke" will be presented at that time.

It was also announced yesterday that winners in the recent merry-go-round contest at Royce Park were as follows: First—Joyce Sarasin; second—Loretta Krause; third—Ellen Hakala. Honorable mention included Mary MacRae, Kathryn Jerow and Maxine Frederickson.

## History Of XX Corps Drives In France Being Compiled

Veterans of non-divisional units, which spearheaded General Patton's drive through France, are being requested to submit their names and current addresses for a roster to be used in connection with distribution of a history of the famed XX Corps.

Lieutenant General Walton H. Walker, Commanding General of the Fifth Army, and former commander of the historic XX "ghost corps," announced that the history is in the process of preparation, and requests that all communications bearing names and addresses be directed to Fifth Army Headquarters, 166 East Hyde Park Boulevard, Chicago, Illinois, Attention: XX Corps.

The Fifth Army Commander was Senior Corps Commander for the late General George S. Patton, Jr., and led the XX Corps of Armored and Infantry Divisions in its drive across France and Germany into Austria. With its non-divisional units, the XX Corps drove through a campaign that crumbled the Siegfried Line at one point and liberated the Nazi torture mill at Buchenwald. To date some 6,000 names and addresses of former members have been collected, but this is far short of the 32,000 officers and enlisted men who were assigned to its non-divisional units.

It is General Walker's desire to place a copy of the history in the hands of every soldier who played a role in the campaign of the historic Corps.

### Congressional Contest

THE candidacy of George E. Harvey, of Escanaba, for the Republican nomination for congressman from the 11th district in the special primary election July 29 provides an opportunity for Republicans in the western end of the district to elect to the congressional office a man of proven capabilities.

Harvey is one of seven candidates for the Republican nomination, of which only Harvey and U. S. A. Heggblom, of Manistique, the latter actually residing in Detroit, are candidates from the western end of the district. Other Republican candidates are Otto W. Bishop of Alpena, William B. Forsyth, George Girschbach and Victor Knox, all of Sault Ste. Marie, and Charles E. Potter, of Cheboygan.

George Harvey, who is a lifelong resident of Escanaba, has been prominently identified in civic and governmental affairs for many years and has served with distinction in many important county offices, including chairman of the county board of supervisors, county clerk and sheriff. He was the first secretary-manager of the Upper Peninsula State Fair. He has been actively associated with labor as special organizer for the Brotherhood of Locomotive Engineers and as an engineer of the Chicago and North Western railway.

Because of the large number of candidates from the eastern end of the district, the vote in that area may be well divided, which would serve to enhance the prospect for nominating a strong candidate from the western portion of the congressional district.

It must also be conceded, however, that the concentrated rivalry in the eastern end of the district will bring out a heavy vote in that area, constituting a challenge to western district Republicans.

As previously indicated, Mr. Harvey's candidacy offers a fine opportunity for Republicans in the western part of the district to elect to congress a candidate from their part of the district, but to accomplish that objective, it will be necessary to do everything within their power to get out a heavy vote.

### New Tax Bill Dies

FOR the second time in the present session of congress, President Truman has rejected a plan to provide American taxpayers some relief in their tax load and for the second time, the presidential veto has been sustained.

The second tax bill vetoed by the president was identical to the first, except that it provided for tax relief beginning next January 1 instead of July 1, 1947, as provided in the original bill. The first veto was sustained by a narrow margin in the house of representatives, the second by the senate after the house had mustered considerably more than the necessary two-thirds majority to override the presidential rejection.

Despite the contention of Rep. Knutson, author of the tax cut bill, that the second rejection of the tax bill means the end of tax relief for 1948, it is almost certain that new efforts will be made when congress reconvenes next January. Further, there is probability that the Democratic administration which killed the tax bills this session will favor tax relief in 1948, a presidential election year.

The present wartime rate schedule cannot be maintained indefinitely. Hopes for tax relief are dead for the present, but the tax issue is certain to come in for plenty of discussion and congressional consideration early in 1948.

### Upper Michigan Sagas

IN his radio salute recently, Harry Peilmann of the Michigan network paid deserved tribute to two great American sagas grounded on the Upper Peninsula, and to the men and the women who have tied them up to the district.

These writers are residents of Sault Ste. Marie. Former Governor Chase S. Osborn and his daughter Stellanova Osborn have made it plain to the world in their "Schoolcraft-Longfellow-Hiawatha" books that the Song of Hiawatha is really an Upper Peninsula epic, with its background along the Escanaba and the Tahquamenon rivers, the Pictured Rocks, Nagaw Wudjoo sand dunes, the mighty Gitche Gounee or Lake Superior, and Sault Ste. Marie.

The same is true of Stanley Newton's "Paul Bunyan of the Great Lakes," whose locale, founded on lumberjacks' tales here, is being made a part of this region for all time by the book which went into its third edition this month.

The tales of Hiawatha and Paul Bunyan have delighted generations of American youths and grown-ups. The fact that the best of the Bunyan yarns have been set down in lasting form is a good thing for the peninsula. The same is true of the Osborns' thorough-going exposition of the

Hiawatha saga, which immensely heightens the pleasure of reading that remarkable tale of the old north country.

The literature of an about this region is assuming respectable proportions. Books like the Osborns' "Hiawatha," Murdoch's "Boom Copper," Newton's "Paul Bunyan," Martin's "Call It North Country," and Nute's "Lake Superior" are only a few of the growing commentaries on this marvelous summerland of ours. They are playing a good part in telling the world what we have here, and they are likely to have a permanent place in American literature.

#### IS THE KOHLER CASE STALLED? (Milwaukee Journal)

One upon a time, not too long ago, Milwaukee had a deserved national reputation for the speed with which its courts dispensed justice. Times seem to have changed.

We call attention to the case of David Kohler, customarily referred to as "widely known in sporting circles" in the city.

Kohler was arrested in his emporium at 732 N. Water st. the afternoon of April 15, 1946, by two policemen in plain clothes. They charged that he was taking horse race bets across the bar and by telephone. They said they had been observing activities in the place for several weeks.

Note again, this arrest was on April 15, 1946. That is approximately one year and three months ago. Perhaps Milwaukeeans will be interested in the leisurely chronology of this case:

April 16, 1946—Kohler, charged with bookmaking in a state warrant, pleads not guilty, provides \$500 cash bond, and the case is continued to May 15.

May 13, 1946—Kohler files affidavit of prejudice against District Judge Neelan.

May 23, 1946—Atty. Eugene Sullivan requests jury trial for Kohler, Civil Judge Hedding grants request. Sullivan explains he is not well enough to try a jury action. Case is placed on day to day calendar.

May 23, 1946, to Mar. 27, 1947—Nothing happens. The case is continued on day to day calendar.

Mar. 27, 1947—Atty. Sullivan files letter asking more time. Says physician has advised against jury trial because of his health. Reports Kohler will have no one but Sullivan defend him.

Mar. 27, 1947, to Date—Again nothing happens. Case continues on day to day calendar.

It would seem about time that someone somewhere along the line, do something to revive the Kohler case. Maybe the police department, maybe the district attorney, maybe the district court. Each and all of these should be interested in concluding this action. Certainly Milwaukee county does not want this to become another Jarndyce vs. Jarndyce case (cf. Bleak House by Charles Dickens) that drags on for years.

Yes, Milwaukee used to be proud of its reputation for speedy justice.

#### C. W. (CHET) RIPLEY (Sault Ste. Marie News)

"Chet" Ripley's fondness for boys and his willingness to help them along in sports and sportsmanship were something that the Sault has marveled at for some time.

It may be partly due to the fact that he had four boys of his own, all eager beavers in their fields, and it may be partly due to his lifelong interest in sports. Whatever the reason or combination of reasons "Chet" Ripley was always at the service of boys who looked to him for direction, advice and inspiration. He made their problems his own. Instinctively boys felt that here they had a friend where they could find counsel and understanding that were real and personal.

In a day and age when boys and girls receive less and less of personal attention of elders these qualities are important. We will miss "Chet" Ripley.

At a buck apiece, the Treasury could easily pick up another 10 to 20 million letting the public look at the first surplus in 17 years and pat its head.

Are these saucers the same mystery missiles that were thrown in with a Hitler abdication by the Stockholm rumor factory in a big combination trial offer?

We could be wrong, but doesn't popping at a 210-pound solon with a .22 come under the head of contempt of the Senate?

#### READERS WANT TO KNOW

Los Angeles: A want ad appeals for "mosaicers" for aerial survey work. What in the world is a "mosaicer"?—Mrs. J. L. T.

Answer: The term means one who is expert in making mosaic maps from aerial photographs. However, the word is in none of my dictionaries. The proper form is mosaicist, pronounced: moe-ZAY-uh-sist.

Hartford: I enjoyed your explanation of the meaning of the Hawaiian "aloha." During my residence there as a teacher I heard the lovely Hawaiian girls sing this song as ships arrived or departed:  
Aloha means "good morning."  
Aloha means "good-by."  
It means "Until we meet again  
Beneath the tropic sky."

Aloha means "farewell to thee"  
And "always to be true."  
But the best of all aloha means  
Is "I love you."

Milwaukee: On a recent broadcast, a Hollywood star pronounced "grimace" as "GRIM-iss." Is that sanctioned?—H. T. W.  
Answer: No. Better say: gri-MAYSS.

## World Events Analyzed

BY MARQUIS CHILDS

Washington—A little by-play occurred in the Senate recently that caused some merriment on the Democratic side of the aisle. It threw into sudden relief a feud that has been the occasion for fireworks through most of the session now drawing to a close.

With one bit of business completed, Sen. Arthur H. Vandenberg, of Michigan, in the chair, said sonorously, "the senator from Michigan is recognized." He meant, of course, his colleague from Michigan, Sen. Homer Ferguson.

But far from demanding recognition, Ferguson was not even in the Senate chamber. There was an awkward pause. The senator demanding the floor was Wayne Morse of Oregon. Finally, Vandenberg gave the nod to Morse.

Behind this little play was the determination of the Republican majority to silence the party's Oregon rebel. Ferguson should have been on the floor. He just happened to miss his cue.

Morse wanted to urge immediate passage of his bill increasing subsistence allowances to veterans. The bill would raise the allowance for veterans in school from \$65 to \$75 a month for single veterans; from \$90 to \$105 for married veterans without children, and to \$120 for veterans with one or more children. The measure had been reported out of the Senate committee on labor and public welfare with only two dissenting votes.

Promptly Sen. Robert A. Taft, the shepherd of the Republican majority, was on his feet to point out that the Morse bill was only one of 10 which the Republican policy committee has put on a "must" list.

"If every senator is going to insist that a particular bill in which he is interested shall be considered first," said Taft, "after we have promised him, if you please, and have announced that we are going to take it up, there can be no order in the procedure of the Senate. It seems to me that first we must necessarily finish action on the appropriation bills."

This and other entreaties did not stop the rebel. To head him off, there was a long statistical speech on the Commodity Credit Corporation. And when this failed, a move to adjourn, which has the parliamentary right of way, was put. Morse took the usual step of forcing a roll-call on it.

The things that Morse's Republican colleagues say about him in private could never be printed in the congressional record. The things that Morse says back about the Republican leadership are just as harsh. Right now he is saying that the recent incident shows that the Republicans are stalling on veterans' legislation and that the veterans cannot look to the Republican party for protection of their rights. What is more, he plans to say these same harsh things on a cross-country lecture tour in the fall.

Not in a long time has the Senate had such an interesting case-history in rebellion. Morse has none of the club spirit that tends to submerge personal antagonisms even when men may differ in their opinions. His Republican colleagues call him, with various angry epithets attached, self-righteous, professorial, publicity-seeking, uncooperative, show-off.

The Morse one-man rebellion came to a head during the struggle over the Taft-Hartley labor bill. In his academic career and through his experience on the War Labor Board, Morse had acquired a broad background on labor law and collective bargaining.

In the beginning he worked with Sen. Irving L. Ives of New York and others to modify the restrictions proposed by Taft and Sen. Joseph Ball of Minnesota. Some of the language in the Taft-Hartley act is Morse's. Then came the question whether he would "go along" and vote for the modified bill. A friend gave him this advice:

"By refusing to go along with your party after you've helped to make the bill more reasonable, you will destroy your usefulness. You will cut yourself off too completely. You will be far stronger if you show a little cooperation."

Morse, however, voted to sustain the president's veto. In the past, rebels like Morse have burst the balloon of party pride. It is a lonely role, bringing ostracism and the frowns of the other members of the club. But it can be a useful role, too, if only in jarring the complacency of the powers that be.

Savannah: How is "pendulum" pronounced?—B. R. S.

Answer: The customary Standard American pronunciation is PEN-juh-lum. One also hears: PEN-duh-lum and PEN-dyoolum.

Pittsburgh: Good for you for pointing out the error of a "yoo" sound in such words as "similar, schedule, percolate." But yesterday a radio announcer topped them all by speaking of "cocker span-yoels." It inspired me to pen this lovely couplet:

Men who read manuals.  
Should know about spanuials.  
Youngstown: Yesterday evening, while reading "The Venables" by Kathleen Norris, I came across this one: "Julia was a rather haughty girl with braids whose mother kept a bakery."—Mrs. A. C. P.

Answer: Hair like that should be worn in a bun.

Decatur: What's the origin of the expression "to take umbrage" and how is umbrage pronounced?—A. S. T.

Answer: Umbrage is from the Latin umbra, "shadow, shade." Apparently the first man to take umbrage went off and sulked in the shade. Pronounced it: UM-bridge.

### Good Morning!

By The Bugler

**COST OF LIVING**—According to the American Meat Institute meat prices this coming fall and winter will be "moderately lower."

The Institute is way behind the times. Somebody said the same thing last summer—and look what happened.

The most we can hope for is that the American Meat Institute is wrong and that its prediction will not come true in the way it did last year. Everytime some business "Institute" or other forecasts lower prices they go up.

What this country needs is no longer a good five cent cigar, but a good round steak at a price the average income family can pay for.

While the American Meat Institute promises lower prices—"moderately lower"—that is—for the coming fall, it warns that the outlook for 1948 is anything but bright. This leaves the great American Family just about where it is now, its meat costs consisting of hamburger, hamburger and hamburger. Occasionally it can afford ring bologna.

**THE COOK'S PROBLEM**—We've had hamburger at our house so much we don't know what meat looks like," said one housewife. "It has come to the point where the children think that if it isn't ground up it isn't meat. They've forgotten how to use a knife. Once when I served the hamburger in a meat loaf and it came off in slices they wanted to save it until Daddy came home for the party."

Since it is the wife who does most of the shopping in the American household the husband seldom becomes involved firsthand in the struggle between a budget and a rolled roast or a pound of pork chops. About all the husband knows is that he sees chops, steaks and roasts only occasionally. And when he does he is likely to wonder why his wife treats the meat course as if she were handling a major portion of the British crown jewels.

**JUGGLEWORDS**—The American Meat Institute reports: "Prices have advanced this year because of a seasonal falling off in supplies—over which packers have no control—and the fact that general employment and wage levels are high, resulting in an increased demand."

To our way of thinking these are jugglewords. It has been our observation and the observation of others that the "seasonal falling off in supplies" is not apparent in the meat markets. For a time veal was almost unobtainable locally but that is now coming back to a place of high-priced honor in the meat counters. But there are plenty of pork chops, hams, bacon; beef roasts, steaks and other cuts. In the high-cost brackets there is never a shortage, but sometimes the cheaper cuts are sold out, one housewife reports.

We'll go along on the assertion that "general employment and wage levels are high." They have been since 1941.

But net result of all this is not, we believe, an increased demand when coupled with high prices. The demand would increase proportionately if meat prices came down. The American Meat Institute will probably throw a batch of statistics back at me to prove their point. If they throw anything

### INTO THE PAST

Ten Years Ago

Washington—Vegetable and potato growers urged today that federal and state governments enact legislation to improve their incomes.

Nearly a million brook trout were planted by workers from the Thompson fish hatcheries in streams of eight counties in the eastern half of the upper peninsula during June and July, according to Stanley Shust, hatchery superintendent.

Recent showers throughout Delta county have done much to aid almost all farm crops, county agricultural agent E. A. Wenner said yesterday.

Industrial and business recovery in the Upper Peninsula is being reflected in much activity in the building trade, it was reported at the Annual Convention of the Cloverleaf Retail Lumbermen's Club in Escanaba yesterday.

**Twenty Years Ago**  
Washington—People who have been wondering what becomes of all the automobiles made and whether the motor industry is near the saturation point, are given accurate data on the subject by the Department of Commerce in its latest announcements.

New York—The New York Times says the Standard Oil company of New Jersey will have no business relations with Soviet government of Russia so long as that government declines to recognize "private property rights."

With a seven-year decline in Great Lakes levels apparently halted, shipping interests operating through the five inland seas are closely watching the possibilities of greater tonnage cargoes on lake freighters than has been feasible for many years.

Phil Balliet, one of the leading citizens of the Old Ford River during that famous old town's hey-day, will attend the reunion and picnic of former residents of the community next Sunday, it was learned here yesterday.

let it be wrapped in a T-bone.

**OLD BATTLE**—Apparently to make the meat consumer feel happy with his hamburger the American Meat Institute asserts that "the real cost of meat to consumers" has not increased much since the death of OPA—if black market overcharges and subsidies are considered.

This looks like the packers' Institute is trying to cover up its high-priced black eye with a meat poultice.

**LET'S TAKE A LOOK**—Suppose we remove the covering and take a look at the black eye, making a few comparisons on meat prices under OPA and now to see whether the black eye is deserved or not.

For the comparison we checked the meat prices as advertised on Friday, July 26, 1946, (which was at the time OPA was giving up the price control ghost) and advertised prices of Friday, July 18, 1947. The prices given are the highest to be found for similar items. It should be understood, of course, that the quality of meat varies but we made the comparison as fairly as we could from the advertised descriptions. The first figure is that of two years ago, the second for now:

Pork roast 39 cents—49 cents; ground beef 39 cents—45 cents; chickens (yearling) 44 cents—43 cents; veal stew 29 cents—32 cents; chuck roast 41 cents—49 cents; sirloin steak 61 cents—59 cents; veal roast 38 cents—45 cents; beef pot roast 32 cents—49 cents.

There were some items not advertised two years ago. There was

Q. Did American exports increase or decrease in the first quarter of 1947?

A. Increased. They reached a total of \$4.9 billion, a new peacetime export record. Imports for the same period totaled \$1.9 billion, leaving an export surplus of about \$3 billion for the quarter. \$700 million of this difference between exports and imports was financed by gifts, transfers through UNRRA and similar items. About \$1.2 billion was composed mainly of Federal Government loans, but also included other capital outflow.

Q. What is the line of presidential succession?

A. If the president should die, resign or otherwise be unable to conduct the affairs of office, then the vice-president succeeds. He is succeeded by the various secretaries in the following order: State, Treasury, War, Justice, Post Office, Navy and Interior—providing that they are constitutionally eligible.

Q. Where was the first professional lawn tennis match held in the U. S.

A. At the Newport, R. I. Casino, August 29, 1899. George Kerr, British professional, defeated Thomas Pettit.

Q. Can you tell me how to remove a blood stain from a white kid glove?

A. Apply a paste made of raw starch and cold water thickly to the stain. After it dries brush it. Repeat the process until the stain is gone.

Q. Who taught the British to farm?

The Romans taught the British how to use plow and oxen to farm the fertile valleys.

A 24-page booklet of recipes for tasty dishes for hot weather—ice creams, ices, sherbets, frappes—and cold drinks; also Salads and Salad dressings, a \$4.00 word bulletin with nearly a hundred recipes for salads and salad dressings to please every palate, now available. To obtain both copies, clip this announcement and mail with 10 cents to cover postage and handling costs to the Daily Press Service Bureau, 1217 13th St., N. W., Washington 5, D. C. Write your name and address plainly.

no hamburger then. Now it is advertised at 29 cents. But two years ago beef roast grade AA was selling at 44 cents. We could find no similar item advertised now.

**THE BLACK MARKET**—The American Meat Institute's statement that meat prices are no higher now than before "if black market overcharges and subsidies are considered" may or may not be correct.

We do know that two years ago when the price control program was being washed out there was repeated public assurance that shortages would not only be licked but prices would come down as soon as price control was abolished. That was two years ago.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington—It's not generally known, but the Kingpin of American gamblers, once the biggest liquor racketeer in the country, Frank Costello, could be deported from the United States if anyone really wanted to get tough about it.

Frankie Costello, who put one New York judge on the bench, who dominates the swankiest gambling houses around Miami and New Orleans, who controls the one-arm bandit and slot-machine racket of Louisiana, and who runs several large roadhouses in New Jersey, migrated here from Italy around 1895 and became a naturalized citizen in 1925.

At the time Costello took the oath of citizenship, however, he glossed over certain things which, if discovered in the record of any other less powerful person would cause him to lose his citizenship and be deported.

For instance, Costello did not tell the government, when he took the oath as a citizen, that he had previously served a term in jail for carrying a concealed weapon.

Even more important, a new citizen of the United States takes an oath to uphold the laws and constitution of the United States.

Yet at the very moment Frankie Costello was taking his solemn oath as an American citizen, he was also engaged in the largest scale violation of the Volstead Act and the 18th Amendment in the history of prohibition. It was Costello who equipped speedboats with machine guns, who operated a powerful fleet of trucks and rum-runners, and who brought more liquor into the USA perhaps than any other man in America.

The 18th Amendment at that time was a very definite part of the constitution. And while Costello was holding up his right hand and solemnly swearing to uphold the constitution, he was also engaged in violating it.

Ordinarily this would be considered good and sufficient grounds for revoking Costello's citizenship and sending him back to his native Italy.

#### —WHO WRITES OUR TAXES—

It is estimated that the CIO and A. F. of L. between them, with their members' families, constitute at least 40 per cent of the nation's taxpayers.

However, when it came to expressing their view on tax legislation before Rep. Harold Knutson's House Ways and Means committee, here is how the two big labor organizations rated:

They were given exactly 28 minutes. Chairman Knutson gave the AFL 15 minutes while the CIO got 13.

In contrast, here is how Knutson stacks the cards in favor of big business. To help write the 1949 tax bill, Knutson appointed a special tax advisory committee, most of whose members are already on record for reducing higher bracket taxes and for imposing a sales tax regarded by most economists as hitting low-income groups much harder than big incomes. Here are some of the members of the Knutson advisory committee:

John W. Hanes, part owner of Martin Aircraft; director Pan American Airways, American Superpower, U. S. Lines, Johns-Manville, Bankers Trust; partner in Barney and Co., Investment Bankers and owner of the biggest orchid greenhouses in the world.

J. Cheever Cowdin, member of the National Association of Manufacturers' Tax committee, chairman Universal Pictures, Transcontinental Air Transport; director Curtiss-Wright, Douglas Aircraft, Ford Instrument Co., Sperry Gyroscope, Waterbury Tool, Canadian Universal Films and Big U Film Exchange.

John F. Connelly, general counsel of Minnesota Mining and Manufacturing company, who is on record as favoring a retail sales tax.

E. H. Lane, president of the Lane Company, Inc., of Alta Vista, Virginia, who is on record as favoring a 5 to 10 per cent sales tax.

Roswell Magill, Wall Street tax lawyer, Ex-Governor N. Y. Stock Exchange; trustee of Mutual Life Insurance and the Macy Foundation, who favors a large sales tax.

Meanwhile, no representative of any of the Big Four Farm Organizations was appointed to Knutson's advisory committee. That is how the GOP congressman from Minnesota writes our taxes.

**—PROTECTING ARABIAN ROYALTY—**  
His Royal Highness, Prince Abdullah of Yemen, won't know it until he reads it here, but the secret service men assigned to guard him have been most assiduous.

The other night the colorful Arabian leader and his visiting colleagues were guests at a State Department party. The prince, whose native land is far removed from civilization, noticed a guest drinking a "Scotch and soda," and he asked for a similar drink. In a moment, a secret service man was at his side with a glass of iced orange juice.

The prince sipped the juice, but protested that the color was different from the drink he had seen in another guest's hand.

Bonnie Calouette  
Becomes Bride Of  
Wayne A. Teal

Traditional ivory slipper satin was worn by Bonnie Jean Calouette, daughter of Mr. and Mrs. Chester Calouette, of 1309 Ludington street, for her wedding to Wayne A. Teal, son of Mr. and Mrs. Ray Teal, of Bark River, which took place at 9 o'clock Saturday morning at St. Joseph's church. The vows were spoken before Rev. Fr. Alphonse, O.F.M., celebrant of the wedding mass, who performed the double ring ceremony.

The gown was made with a fitted bodice, marked by a row of tiny satin covered buttons, sweetheart neckline and long sleeves, pointed at the wrists, and a hoop skirt. Her veil of fingertip length, with a wide lace edging was held in place by a crown of orange blossoms and seed pearls. She wore a strand of pearls, the bridegroom's gift, as her only jewelry, and she carried a shower bouquet of calla lilies and lilies of the valley with satin streamers.

**Bridal Attendants**  
The bride, who was escorted to the altar by her father, who gave her in marriage, was attended by her sister, Joan, who was maid of honor, and Mary Griggs and Coreen Waeghe, who were bridesmaids. Melvin Teal, the bridegroom's brother, was best man, and ushers were Ronald Bruce and Robert Calouette, brother of the bride.

The maid of honor wore blue satin, and gown made with a square neckline, cap sleeves, and hoop overskirt of marquisette. Blue lace gloves and a matching headpiece completed her costume and she carried a colonial bouquet. The bridesmaids' gowns were of pink satin and marquisette, styled with fitted bodices, puffed sleeves, and hoop skirts, and they also wore matching headpieces and gloves and carried colonial bouquets.

Mrs. Calouette, for her daughter's wedding, wore a blue dress with eyelet inserts and Mrs. Teal wore pale green with white accessories. Shoulder bouquets of roses were worn by both mothers.

St. Joseph's choir sang the music of the mass, with Miss Doris Costley and Mrs. Eldridge Baker, soloists. At the offertory Mrs. John Cass sang "Ave Maria." The processional and recession were played by Miss Eva Cossette.

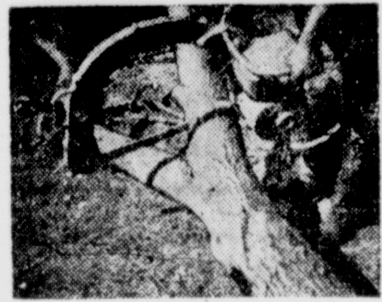

**Wedding Supper**  
A wedding breakfast was served at the bride's home and a supper for 175 guests at the Bark River community hall. The tiered wedding cake and an effective arrangement of roses formed the decorations.

Following a wedding trip to Niagara Falls and through Canada, the couple will live in Bark River, where Mr. Teal is with the Teal Evergreens, Inc.

Warren Anderson of Detroit, Mr. and Mrs. Gerald Manquin of Chicago and John Stavers, also of Chicago were among those at the wedding.

Special Pictures  
For Children To  
Be Shown Here

At the request of interested adults in Escanaba, special matinee performances of fine pictures of special interest to children will be shown at the Escanaba theatres, the first of the series, "The Five Little Peppers," scheduled for Wednesday, July 23.

This experiment, motivated by parents desirous of raising the standards of moving pictures for their children and giving them the opportunity to see such pictures,

has been tried in various cities and towns throughout the country and has met with great success.

The experiment in Escanaba was made possible by the combined efforts of the St. Joseph PTA, the Escanaba public schools PTA, the Girl Scouts and the C a m p Fire Girls, in cooperation with the Delft Theatre corporation.

Pictures to be shown at these special matinees will be those highly recommended and endorsed by organizations interested in better pictures for grade school age children and will include the movie versions of books every

child reads with joy and pleasure. These pictures will be both educational and entertaining. The aim is to give the children moving pictures that will give them a greater appreciation of the best in literature written for their particular age group. The success of this undertaking will result in more and better pictures being produced for children.

Margaret Needham,  
John Stepkowski  
Exchange Vows

Before an altar banked with American Beauty roses, Miss Margaret Needham, of Milwaukee, daughter of Mr. and Mrs. Clarence Needham, State road, Escanaba, became the bride of John L. Stepkowski, son of Mrs. Tillie Stepkowski, of Milwaukee, yesterday morning at St. Joseph's church with Rev. Fr. Alphonse Wilberding, O. F. M., officiating. The music of the wedding mass was sung by St. Joseph's choir, of the mass. At the offertory, Miss Doris Costley sang Rossini's "Ave Maria." The bridal march was played by Miss Eva Cossette, organist-director.

Mrs. Clarence R. Needham, sister-in-law of the bride, served as the matron of honor and Glenn Hoedel was the best man. Mrs. Glenn Hoedel was a bridesmaid and Clarence R. Needham, an usher.

**Bride In White Satin**  
The bride, who was given in marriage by her father, wore a white satin gown fashioned with a fitted bodice, sweetheart neckline, long tapered sleeves and a full skirt extending into a long train. Her lace edged veil was gathered into a cluster of satin and seed pearls. The bridal bouquet was of white and red roses, snapdragons, baby breath with white streamers.

The attendants wore identical gowns of pink and yellow taffeta marked with rows of tiny buttons down the back, sweetheart necklines, full sleeves and full overskirts of net. They carried bouquets of pink and yellow roses, snapdragons and babybreath. A wedding dinner was served at the home of the bride for 45 guests where a tiered wedding cake with a miniature bridal couple centered the table. The cake was flanked by four identical smaller cakes and the table decorations were completed with lighted tapers and pink and yellow snapdragons.

The bride's mother wore a gray dress with white accessories for her daughter's wedding and the bridegroom's mother wore a black and white print with white accessories. Both wore shoulder corsages of roses and sweetpeas.

**Trip Through West**  
The couple left on a wedding trip through the west and will visit among other places, Yellowstone National Park, Salt Lake City and the Black Hills. For her going away outfit, the bride chose a white linen suit with red accessories. Upon their return, they will reside in Milwaukee.

Mr. Stepkowski attended schools in Milwaukee and is now employed by the Underwood company in Milwaukee. His bride is a graduate of St. Joseph's high school and recently was employed in Milwaukee.

Out-of-town guests included Mrs. M. M. Needham, Mr. and Mrs. A. L. Byers and family and Dona Jean Bashore of Manitowish; Mrs. T. Stepkowski, Mrs. Sally Stepkowski, Edwin Stepkowski, Stanley Stepkowski, Mr. and Mrs. Raymond Kopp and family, Mr. and Mrs. Michael Pelzek, Jr., and family, Mr. and Mrs. Glenn Hoedel, Walter Sierpinski, Mona Schneek, Mr. and Mrs. Donnick Andrylanczyk and Mr. and Mrs. M. Potoka of Milwaukee, Mr. and Mrs. E. Dahn of Brampton and Mrs. A. Tupper of Gladstone.

## Announce Engagement

Mr. and Mrs. Robert Brebner, 306½ North 15th street, announce the engagement of their daughter, Phyllis, to Glenn J. Myers, son of Henry Myers, 410 North 21st street. The wedding will take place on August 9 at St. Patrick's church.

## Cota - McNally

A pretty summer wedding took place at the St. John the Baptist church, at Garden, Wednesday, July 9, when Miss Deloris Ann Cota, daughter of Mr. and Mrs. Clifford Cota and Howard Edward McNally, ARM 2C, U. S. N., son of Mrs. Katherine McNally of Garden spoke their vows before Fr. Arnold Thompson at 9 a. m. The music of the mass was sung by the choir under the direction of Mrs. Wm. Swaer and solos rendered by Miss Patricia Guertin were "Ave Maria" and "On This Day." Floral decorations were pink and white summer flowers.

Miss Marcella Sangraw of Manistique was the bridesmaid and Donald Cota, brother of the bride, was best man.

The bride's white satin gown had full train and sweetheart neckline, her veil fingertip length and she carried a colonial bouquet of pink and white roses. The bridesmaid wore a gown of pink net with matching veil and her bouquet was similar to that of the bride.

Immediately after the ceremony breakfast was served to the bridal party at the home of Mrs. Katherine McNally and at 6 p. m. dinner was served at the bride's home to 40 guests.

For a short time the couple will make their home at Garden with the groom's mother and following his furlough the groom will return to duty as radioman with the U. S. Navy. He is a veteran of World War II.

Both bride and groom attended Garden schools. Guests who attended the from Manistique included Mr. and Mrs. Israel Cota, Mrs. Rose Thibault, Mr. and Mrs. James Cota, Mr. and Mrs. Frank Chase, Mr. and Mrs. Fred Cota, Mr. and Mrs. Wm. Goldie, Mr. and Mrs. Cleve Miron and daughters, Katherine and Doris, Lawrence Thomas, Mr. and Mrs. Leo Thomas. Also attending were Mrs. Wm. Eckart of Detroit, Mr. and Mrs. Leonard Cota and Mrs. Cella Beauchamp of Escanaba.

## E. R. A. Picnic Today

The Equitable Reserve association will hold its annual picnic today at Pioneer Trail Park starting at noon. Attention of members was directed to the place of the picnic—the south side of the park, not the north side as previously announced. Members are to bring their own baskets.

## First Birthday Party

A birthday party was held on Wednesday afternoon in honor of the first birthday anniversary of John Richard Benard, son of Mr. and Mrs. Phenix Benard, 620 South 20th street, at the home of his parents. Guests attending the party included Denny and Janet Benard, Mary Lou, Billy and David Anderson, Donna Mae and Jacquelyn Miller, Walter Clayton Delle, Sheryl and Karen Anderson and Irene Villemure of Newberry.

## B. &amp; P. W. Club Picnic

The Escanaba Business and Professional Women's club will have its midsummer picnic at the Walter Wickert cottage on the Ford River at 6 p. m. Monday, July 21. Reservations may be made with the following committee: Signe Nerbonne, Josephine Seykily, Louise Saykily, and Angeline Kobasch.

Wedding Saturday

In a double ring ceremony performed by Rev. Fr. Sebastian Maier, at 10 o'clock Saturday morning at St. Patrick's church, Miss Millie Bussineau, daughter of Mr. and Mrs. Henry Bussineau, 1300 Sheridan road, became the bride of Isadore Guenette, son of Leonard Guenette, of Schaffer.

Miss Cecile Bussineau, sister of the bride, and Theodore Guenette, brother of the bridegroom, were the attendants.

St. Ann's choir sang the music of the mass, with Mrs. Thomas Tounsgant and Mrs. Orelle Beauchamp, soloists. At the offertory, Herbert Smith sang "Ave Maria." Miss Bernadette Cossette, organist, played the processional from Wagner's "Lohengrin" and the traditional recessional.

The bride wore a gown of white marquisette over satin, with lace inserts, styled with a sweetheart neckline, long sleeves, puffing at the shoulder line and tapering to points over the wrist, and a full skirt which extended into a court train, which was edged with lace. Her fingertip veil, which also was lace-edged, was caught to a crown of seed pearls. As her only jewelry she wore a gold cross, the gift of the bridegroom, and she carried a bouquet of red and white roses. Her maid of honor wore pink nixon over satin, with a matching headress and shoulder veil and she carried pink and white roses.

Mrs. Bussineau, mother of the bride, wore a fuchsia colored dress with white accessories and a corsage of pink carnations.

**Breakfast and Reception**  
A wedding breakfast was served at the home of the bride, followed by a reception in the afternoon for 100 guests. Summer flowers and the tiered wedding cake formed the decorations.

The couple left on a wedding trip through Ontario, Canada, and will make their home, upon their return, in Escanaba. The bride is employed by the Venus Sewing Co., and Mr. Guenette is with Northern Motors.

Guests at the wedding included Bernadette Bussineau and Frank Thomas, of Detroit, and Theresa Guenette, of Munising.

## Prepare Here For Delta County School District

Establishment of a Delta county school district under the provisions of a recent state law effective in all Michigan counties of 15,000 and more population is now in preparation, and the first step is the election of a county school board of five members, it was announced yesterday by County School Commissioner Hagle Quarnstrom.

The county school board will not interfere with the powers of the local boards of education.

When the county school board is elected and organized it will have authority to appoint a county superintendent of schools, who will take the place of the present school commissioner at the expiration of his term; and it will have authority in making changes in school district boundaries, an authority now held by township boards.

Act 269 of the Public Acts of 1947, together with the provisions

of Act 117 of the Public Acts of 1935, contains the complete law relative to the organization, the powers, and duties, and the operation of the county school district.

As provided in the law School Commissioner Quarnstrom has sent notices by registered mail to secretaries, directors, and presidents of rural and city school districts advising them of a meeting to be held at 8 p. m. August 4, in the Webster Annex, Escanaba, to elect a county school board of five members. These school district secretaries, directors and presidents can elect any eligible persons to become members of the five-man county school board. Two of the five members will be elected for six years, two for four years, and one for one year.

Following their election at the August 4 meeting, the five members of the county school board will meet on August 18 for organization and election of officers.

There will be a president and vice president. The county superintendent of schools will act as the board's executive secretary.

Most important change effected by the new law is that hereafter the office of county school commissioner will be changed to county superintendent of schools; and that the office will be appointive and not elective.

Mr. Quarnstrom was elected Delta county school commissioner in April this year and under the law will serve as county superintendent of schools to the expiration of his term July 1, 1951.

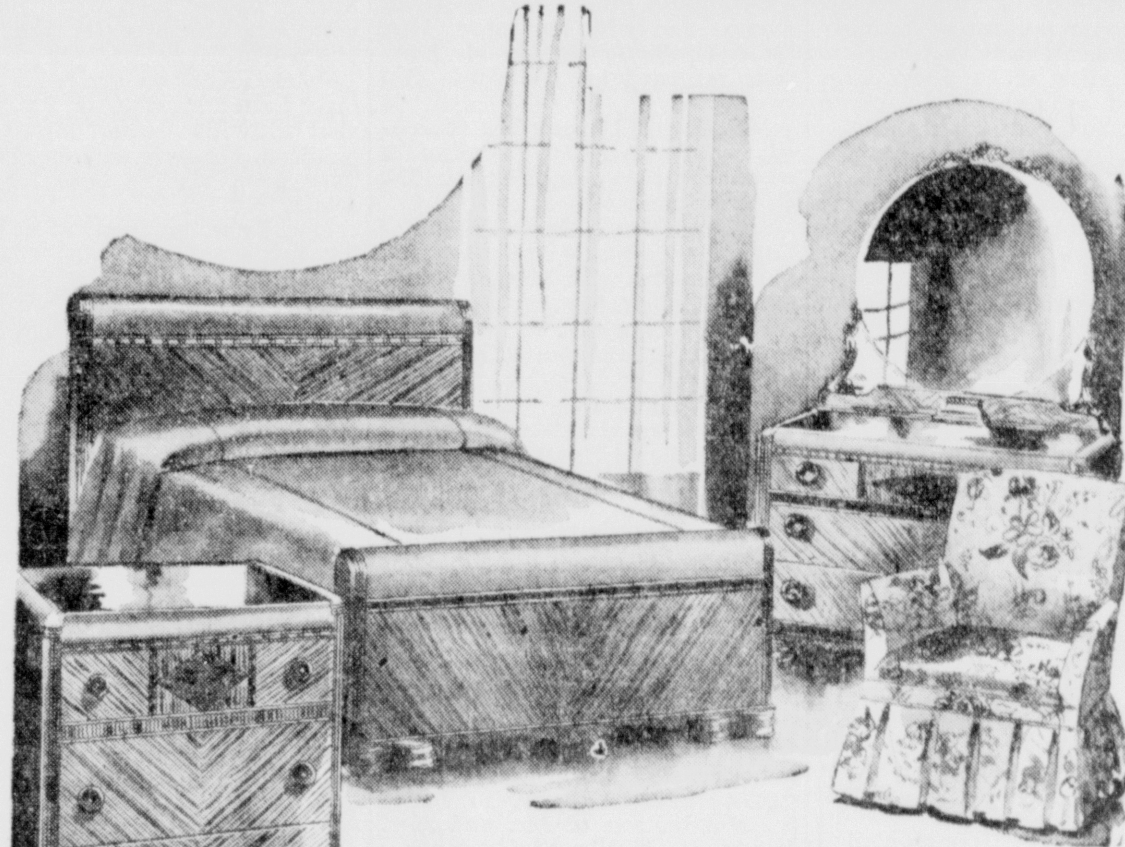

The county school board will then appoint a county superintendent of schools for a period of from one to four years.

Connie Reubens, who has been a patient at an Ann Arbor hospital for the past month and one half, is expected to arrive home Wednesday.

The Misses Lyla and Hilda Niemi, 300 West Onota avenue, Munising, left Saturday to visit their brother and sister-in-law, Mr. and Mrs. Ernest Niemi of Niles, for a week.

Roland Gauthier and Edmund Thallman of Fairport were guests

Delegation Of 10 Methodist Youths Attends Institute

Munising—Ten members of the local Methodist church left yesterday for Lake Michigan to attend the senior institute for youth of high school age which began Saturday and will continue for one week. The institute is under the auspices of Methodist churches of the Marquette district, Detroit conference.

Accompanying the group to Michigan was Rev. Einar Soederberg, local minister, who returned to Munising Saturday evening as did Jack Raymond, president of the Marquette district Methodist Youth Fellowship, who was unable to attend the institute the full week.

Those members attending the camp for the week are: the Misses Peggy Chase, Nancy Nebel, Phyllis Tuneri, Sally Gattis, Janet Letzite, Janice Tredway, Mary Braamse, Peter Seaberg and Mickey Peters.

Rev. Ivan O. Gonser of Ironwood is dean of the institute, the theme of which is "We Test Our Lives By Thine."

The program for each day will include morning watch, Bible study, quest groups, interest groups, rest periods, hobbies, work period, swimming, committee meetings, evening worship service, campfire fellowship and cabin devotions.

Wetmore Man Fined For Illegal Driving

Munising—Sidney Emerson, Wetmore, arraigned in justice court on a charge of driving his automobile on the wrong side of the road, paid a fine of five dollars and court costs of \$3.35.

Emerson was arrested by State Trooper John E. Carstenson following a traffic accident last Saturday on the Adams trail in which four persons were injured when the Emerson car smashed into an automobile driven by Mrs. Arthur Phelps.

The injured were Mrs. Phelps, fractured knee, her daughter, Donna, age 5, broken leg, another daughter, Viola, age 4, face lacerations, and Sidney Emerson, head injuries. Damage to the automobiles was estimated at \$350 each.

Day-Old Infant Of Melstrand Couple Dies At Family Home

Munising—James W. Stone, day-old infant son of Mr. and Mrs. William Stone, died at the family home in Melstrand at 12:15 a. m. yesterday. He was born in Van Meer, July 18.

Besides his parents, the infant is survived by two brothers, William and Thomas, and two sisters, Donna and Violet, all at home.

The body was removed to the Beaulieu funeral home, Munising, where it will remain until the time of the funeral.

Funeral services will be held Monday at 2 p. m. at the funeral home. Rev. Warren Jolls, pastor of the Van Meer Baptist church, will officiate and burial will be made in the Maple Grove cemetery, Munising.

MARBLE BOATS VERY POPULAR

Lack Of Plywood Forces Layoff Of Some Employees

Temporary layoff of a portion of the employees of the Marble Boat company because of inability to obtain sufficient material to keep operating at capacity, was announced yesterday by Jackson Marble, member of the firm.

A new style plywood boat which the firm produces has proven so popular that the stock of marine plywood which was on hand has been depleted.

Additional stocks of the material are expected from the west coast any day and with its arrival full-scale operations will be resumed.

Constance Berube Bride In Wedding Ceremony Saturday

Munising—Miss Constance Mary Berube, daughter of Mrs. Elsie Berube, 312 Elm avenue, city, became the bride of John Edward Binsfeld, son of Mr. and Mrs. John J. Binsfeld, 1824 Hampton Rd., Grosse Pointe Woods, Mich., at a ceremony which took place yesterday morning at 9 o'clock in the Sacred Heart church.

The couple spoke their vows before the Rev. Fr. Conal of Petoskey, Mich., cousin of the bride. Music of the ceremony included, "Panis Angelicus" and "Father Lord's 'Mother Beloved', duets, sung by the Misses Corinne and Claire Cairineau.

The bride was attended by her maid of honor, Miss Agnes Binsfeld, Grosse Pointe, sister of the bridegroom, and bridesmaids, Miss Rita Binsfeld, also a sister of the bridegroom, Miss Dorothy Ward of Farmington, Mich., and Miss Dorothy Singer of Defiance, Ohio, the latter two classmates of the bride at Siena Heights College, Adrian.

John Greening, Grosse Pointe Woods, served as best man and ushers were: Robert Berube, Lansing; Norbert Crombe and Charles O'Connor, both of Detroit, friends of the bridegroom.

The bride, given in marriage by her brother, William Berube, of Pontiac, Mich., wore a white dotted swiss gown with bishop sleeves and peler peler collar. A flounce at the waist extended down the back of the gown into a sweep. Her veil was illusion fingertip with tiara of orange blossoms and her bouquet was white roses, stephanotis and baby breath.

The bride's attendants wore gowns of pastel shades of pink, yellow, blue and aqua, respectively, of the same material as the bride's raiment. Their attire carried out the old fashioned theme. Each attendant wore a large open crown picture hat of the same material as their dress with contrasting ribbon streamers and carried hand bouquets of flowers.

For her daughter's wedding, Mrs. Berube chose to wear a vision cloth aqua print dress with white accessories and a pink carnation. Mrs. Binsfeld, the bridegroom's mother, wore a black and white print dress with white accessories and a white carnation.

A wedding breakfast was served to relatives and friends at the home of Mr. and Mrs. Francis Putvin, cousin of the bride. Home decorations were worked out in a pink and white color scheme. The wedding cake was trimmed with pink ribbons, and was topped with a white wedding bell. Reception of guests was held from 2 to 4 o'clock yesterday afternoon at the home of the bride's mother.

Mr. and Mrs. Binsfeld are taking a wedding trip to an undisclosed destination and upon their return will make their home at 1363 Smith Road, Grosse Pointe. For traveling, the bride has chosen to wear an orchid summer suit with white accessories.

Mrs. Binsfeld is a graduate of the Mather high school, Munising, and of Siena Heights College, Adrian, Mich., and for two years has been teaching at the Eastern Jr. High school, Pontiac, Mich. Mr. Binsfeld graduated from De LaSalle Collegiate, Detroit. He also studied for two years at St. Mary's College, Winona, Minn., where his education was interrupted while he served 3½ years in the U. S. Air Corps. At present he is employed at the Detroit branch of A. C. McClung Whole-

LIONS PLANNING OUTDOOR MEET

Play Ball, Have Dinner At Camp Thursday Evening

A joint outdoor meeting of the Gladstone and Rapid River Lions clubs is to be held at Rapid River Thursday evening.

The Gladstone club has challenged the Rapid River club to a baseball game to be played at the Rapid River baseball diamond at 6 o'clock that evening.

A member of the local club whose veracity is usually unquestioned said yesterday that a prominent officer of the Rapid River club had expressed some doubt whether his club could muster sufficient athletic members to compose a team. He said, however, he would make an effort to get

some sort of team together. Al Valentine, manager of the Gladstone Lions nine, said yesterday that in event the Rapid River Lions forfeit, an exhibition game will be played by the Gladstone first and second teams.

Following the game members of both clubs will proceed to a nearby camp for a hearty meal.

DIVING RAFTWill Soon Be Installed  
At Indian Lake  
Beach

Swimming facilities at Indian Lake State Park are due for much improvement in the course of the near future. A large 16x16 foot diving raft is in the process of construction and will be ready for use in the next week or ten days.

The raft will be of sturdy construction of heavy planking and will be buoyed up by nine steel tanks. It will be built on the same principle as the raft now in use at the Big Spring, but will be without railing. A platform for the lifeguard will be built in the center and it will be solidly anchored from the center, rather than from the sides. It will be placed where the water, at the shore end, is four feet deep. The water from the other end will be well over six feet deep.

The swim sessions at the park will be discontinued for the next couple of days as the beach has been treated with chemicals to kill the snails responsible for the swimmer's itch, a trouble that has caused unpleasantness for many swimmers of late. Shortly after the beach has received this treatment the snails cause more trouble than otherwise, Robert Olson, in charge of the park, states. But after these small creatures are dead, the danger from infection will be over.

Swimmer's Itch is a skin infection which is in many ways like poison ivy infection. It brings on a rash of tiny blisters that cause uncontrollable itching. Applications of calamine have been found to be very effective in treating local cases. Rubbing alcohol is also found to be beneficial.

## Cooks

Cooks, Mich.—In a double ring ceremony which took place Monday at 2 p. m. at the First Baptist church, Manistique, Eleanor Jean Gray, daughter of Mr. and Mrs. Arthur Gray of Cooks became the bride of Jesse D. Schurner, son of Mr. and Mrs. Kenneth Schurner of River Road, Manistique, Rev. J. B. D. Adams officiating.

The bride, given in marriage by her father, wore a gown of white satin with sweetheart neckline, short gathered sleeves and gathered bodice. Her veil was fingertip length capped with lace, and her ornaments, a white heart locket with matching earrings, gift of the groom.

Her only attendant was Miss Viola Miller, a close friend, who wore a white gown with a blue shoulder length veil and her bouquet, formed of red roses, white carnations and sweetpeas.

Keith Schurner, brother of the groom, served as best man.

For her daughter's wedding Mrs. Gray wore a navy blue dress with white accessories while Mrs. Schurner chose a light blue dress with white accessories and both wore shoulder corsages of pink carnations.

A dinner for members of the wedding party was served at the groom's home where table decorations were centered with a tiered wedding cake.

The couple left Tuesday morning to spend a week at Thunder Lake after which the groom will return to Virginia where he is stationed.

Mrs. Schurner graduated this year from the Cooks high school, was president of her class and very active in basketball. Mr. Schurner graduated from Manistique high school in 1945 and since then has been in the U. S. army.

Garden Committee

Postpones Trip

Due to the sudden change in the weather the latter part of the week and the slowness of the gardens because of the late season, the garden committee of the Manistique Women's club has deemed it advisable to postpone the garden tour and tea which was scheduled for next Tuesday afternoon.

The new date will be announced in an early issue of the Daily Press.

## Briefly Told

**Ice Cream Social**—The Women's Guild of St. Alban's church will hold a strawberry ice cream social on the church lawn beginning at 7:30 Wednesday evening.

**Meeting**—Den No. 2 will meet at 3 Monday at the home of Mrs. Helen Bunker. All members are requested to be present and to bring their bird houses. Boys between the ages of 9 and 12 may join at this meeting.

**Past Matrons Club**—Members of the Past Matrons club will hold a pot luck luncheon at 1 Monday at the Prince cottage. All members are urged to attend.

**Auxiliary**—The VFW Auxiliary to Post 4420 will hold a social meeting at 8 Monday evening at Minor's Deerpark Lodge. For transportation, or those who have cars are requested to call Mrs. Albert Ackerman, 365-W. Hostesses are: Mesdames Wanda LaMuth, Martha Malloch, Leoline Minor, and Mina and Eleanor Mulhaupt.

**Royal Neighbors**—A regular meeting of Mayflower Camp, No. 10707, Royal Neighbors of America, will be held Tuesday evening in the I. O. O. F. hall. Hostesses are Mrs. Ruth Rieckhoff and Mrs. Exhilda Demers.

**W. S. C. S.**—Members of the W. S. C. S. of the Methodist church will meet Wednesday afternoon at Uncle Tom's Cabin on Harrison Beach. Pot luck lunch will be served, and everyone is requested to bring their own table service.

**Camera Club**—A regular meeting and election of officers of the Camera club will be held at 8 Monday evening at the Carl Anderson home.

**WRONG CURE**—Oyster fishermen, who hate starfish because they destroy oyster beds, once made a practice of tearing to pieces and throwing into the sea every starfish caught. Thus, unwittingly, they increased the starfish population, since each arm developed into a new individual.

Keith Schurner, brother of the groom, served as best man.

For her daughter's wedding Mrs. Gray wore a navy blue dress with white accessories while Mrs. Schurner chose a light blue dress with white accessories and both wore shoulder corsages of pink carnations.

Features Of New  
City Water Code  
Are Explained

A number of features of the voluminous rules and regulations governing the water works system of Manistique, recently passed by the city council, have caused some misunderstanding, City Manager James Dickson reports. This is particularly true of the sections governing assessment and collection of water rates.

To clarify these points excerpts from the measure are printed here:

Water charges, whether service is metered or non-metered shall be payable in advance, in three periods of four months each on the first day of April, August and December of each year.

A 10 per cent penalty will be charged water users who fail to pay water charges within twenty days after the date due.

The city shall require all new renters to be directly responsible for payment of any consumption of water supplied by paying \$5 security before turning on water service. The city shall hold such security as a deposit during the tenure of such renter and the city shall return such guarantee, de-

posit, or such fraction as is left after paying any damages suffered by the city and after the payment of any delinquent water bills including the final bill when service is discontinued.

**Domestic Metered Rates**  
Thirty cents per 1000 gallons for the first 10,000 gallons per 4 month period except that the minimum charge will be 75 cents per month or \$3 per period of 4 months payable in advance.

For the next 10,000 gallons per 4 month period is at 25 cents per 1000 gallons.

Next 10,000 gallons per 4 month period is at 15 cents per 1000 gallons.

Next 270,000 gallons per 4 month period is at 10 cents per 1000 gallons.

Over 300,000 gallons per 4 month period is at 8 cents per 1000 gallons.

The non-metered domestic flat rate will be set at \$1 per month or a minimum of \$4 per 4 month period payable in advance.

Class One railroads in this country have about 37,000 steam locomotives in service.

We live in a world of contrasts, and when we step out of our natural sphere things seem just a bit unnatural. That is why a lot of us looked surprised while complaining about the heat when we heard folks from Chicago and Detroit enthuse over how delightfully cool it was in Manistique. So it is with some of the clothes you are wearing. You may think they are plenty good enough for several more wearings, but you will note a wonderful change in those same clothes after a trip to

Blueberry Crop  
Prospects Hit  
Buyer Here Says

Early predictions of a bumper crop of blueberries in these parts were discounted late this week by Len Carley, of Cooks, who, as a wholesale buyer of many years standing, has made a survey of the region and finds that the crop will be very much lighter than it was last year.

This lighter crop, he said, appears to be general in most of the areas where the most berries are produced. Bushes in the low ground areas suffered from the severe frosts that prevailed when the bushes were in blossom. Berries on the higher ground bushes,

however, seem to be doing well. The situation is far from pessimistic, however, Carley says. Lighter crops should bring a better price for the berries. Boxes and crates, he said, are at an all-time high and this will hit the wholesaler hard.

The Paper Mill retained first place in the American league as a result of last week's softball play but the V. F. W. won two games and are closing in on the leaders. The Mills were upset by the hard-hitting Delta Hardware in the feature game on Monday night while the Vets edged the strong Escanaba Taverns 9 to 8, in a thriller-packed contest Wednesday night.

Public Utilities improved their top position in the National league by defeating their closest rival, K. of C. for the second time this week. The young Utilities are playing good ball and have lost only one contest, a nine-inning battle with the Delta Transits early in the season.

The Delta Hardware and the Escanaba Taverns clash Wednesday night at Memorial Field in the "game of the week." Another record crowd will be on hand for this contest.

Games this week follow:  
**Tonight**  
People's Bar vs. Escanaba Township, Memorial Field, 7:15; Roman; Texaco Stars vs. Negaunee, Memorial Field, 8:45; Roman.  
**Monday**  
No games. Chloride to be applied on all fields.  
**Tuesday**

## NOTED WOMEN STARS COMING

Former National Champ Also Will Lecture; Begins At 1 p. m.

Miss Patty Berg, of Minneapolis, former national women's golf champion, and Miss Mary Agnes Wall, of Menominee, newly crowned Michigan women's champion, will present an exhibition golf match Monday afternoon at the Escanaba golf club.

Miss Berg, who was national champion in 1938, winner of numerous sectional titles, will give a lecture and exhibition at one o'clock before starting match play. She will demonstrate the right and wrong way in golf shots and will also do some trick golf demonstrations.

It is probable that the two noted women golfers will play in a foursome that may include Cotton Leonard, local pro, and another outstanding player, perhaps Rud Leonard, Cotton's talented brother, of Marquette.

Miss Berg, who became a professional a few years ago after a sensational career in the amateur ranks, is now representing the Wilson Sporting Goods company. Miss Wall is an amateur.

Patty defeated Miss Wall in the women's open tournament in 1941, on her way to the title. Miss Wall has been a runnerup or semi-finalist in many of the outstanding national meets, but she won her first major title this week in capturing the Michigan women's championship at Grand Rapids.

This spring she was defeated by Babe Dickerson Zaharias, the nation's No. 1 women's star, twice in Florida matches, the last time in the finals of the Florida East Coast championship at St. Augustine.

Miss Berg and Miss Wall will be guests at a luncheon Monday evening at 6:30 o'clock at the Escanaba golf club. The noted women golfers also will play in Menominee today and at Pine Grove course in Iron Mountain Tuesday.

## The Sports Parade

BY JIM WARD  
dentally, Moose LaCombe, director of the all star game, informed the Daily Press sports department late Friday that the Negaunee officials would welcome EHS nominees for the South team in the all star game.

Other boys from Escanaba who have been included in the nominees are Ed McCarthy, center, and Chas. Gafner, quarterback, both of St. Joseph.

All the talk about a rematch of the Graziano-Zale fight within 9 days can be written off as so much ballyhoo. The slugging midleweights undoubtedly will meet again in the rubber match of the series—each has won one thus far—but the rematch will not be before 1948. The income tax rates that the fighters would have to pay on their 1947 earnings would be excessive. They will get a considerably higher "net" by waiting until a new calendar year rolls around. Graziano may be stupid, as some of the boxing writers claim, but he's not that stupid.

**REDSKINS AND BONDS TANGLE**  
Gladstone—The Munising Bonds come to Gladstone today to clash with the Redskins in a game in which the pace-setting spot in the Rainbow league is at stake.

The Redskins are topping the heap at present but a victory for Munising will put the Alger county-seaters in a tie with Gladstone for the honor.

The day has been designated as Booster Day-Out Day and tickets will be sold at the diamond. Money over and above regular operating expenses will be placed in a special fund to be used in building dug-outs for the teams.

Injuries have sidelined Bobby Bizeau and Jim Paine but Gladstone still has a capable crew to field. Rothschild will again be on the mound with Russ Carlson behind the plate. Either Richard Williamson or Stanley Srook will be at first with Frank Brown, Art LeCault and Lawrence Young forming the remainder of the infield. Outfielders are David LeGault, Bernie Olson, Pete DeMentier, Charles Lundmark and Jim Gibbs.

**SOFTBALL**  
The Knights of Columbus softball team will meet at 1 p. m. today for a two-game tie, one at the Escanaba township diamond and one at Ensign. Members of the team are urged to be on hand promptly.

**MIDGET LEAGUE**  
The Peninsula Home Service is leading the Midget softball league with six successive victories and no defeats.

**Escanaba Cubs Play At Chatham**  
The Escanaba Cubs will play at Chatham today in a Tri-County Junior league baseball game. Manager Al Ness has asked the players to meet at his home at 11:30 o'clock.

Menard is slated for pitching duty today against Chatham, as the Cubs seek to retain their undefeated record. Other games booked today in the league are Gladstone-Nahma and Munising-Manistique.

**Cadet League Schedule**

## BEARS PLAY AT TRENNARY TODAY

Gladstone To Entertain Munising In Rainbow League

The Escanaba Bears will travel to Trenary today in a new effort to implement their bid for the South division leadership in the Michigan Rainbow league, while Gladstone, league leader, tackles Munising, which is tied with Escanaba for runner-up spot.

The Bears will leave here at 12:30 today, from the corner of Ludington and 14th streets. Manager Schwalbach yesterday requested all players to report at 12:15 for the Trenary trip.

Last week the Bears were rained out at Munising, while Gladstone was washed out at Chatham. Other league games today include Chatham at Manistique, in the South division; Humboldt at Negaunee, Marquette at Gwinn and Republic at Ishpeming, all in the North division.

**Jim Moran Takes Gust Asp Trophy In Seagull Races**  
Shamrock, owned and skippered by Jim Moran, with Mark O'Connell as the crew, won the last seagull elimination race on Bay de Noc Saturday afternoon, and thus became the winner of the Gust Asp trophy awarded the highest point winner in the series of four sailing events. Minx, owned by Sura-Halleck, was second in the last race, and Ah-Mie, owned by Lois Sawyer, was third.

In the final accounting of points to determine the trophy winner, Shamrock had 73½ for first place, Ah-Mie 314 for second place, and Minx, 2 points for third.

As the winners of the local trophy, Moran and O'Connell will go to Fish Creek July 26 to compete in seagull championship races on Green Bay with winners from other ports on the bay. The Shamrock will not sail in the Fish Creek event, but skippers will rotate in boats supplied by the sponsoring community, thus making the event a test of sailing skill for the skipper and crew.

**Williams' Single Beats Browns, 1-0, In A Three-Hitter**  
St. Louis, July 19 (AP)—For their second consecutive game with Boston, the St. Louis Browns appeared to be playing a man named Williams today as they dropped a 1 to 0 loss to the Red Sox, but Pitcher Earl Johnson's three hitter was a contributing factor.

Lanky Ted, whose five hits last night including two homers were good for five runs, despite Boston's one-run defeat, singled to right field in the sixth and scored Johnny Pesky.

Brown played centerfield in place of Paul Lehner, who told Manager Muddy Ruel an injured leg had pained him all night. Boston 000 001 000—1 5 0. St. Louis 000 000 000—0 3 1. Johnson and Tebbetts; Kinder and Moss.

## Negaunee Shells Play Local Texacos Tonight

One of the strongest softball teams in Negaunee, Ted's Shell Service, visits Escanaba tonight to play the local Texaco Stars in an exhibition game on Memorial Field at 8:45. People's Bar faces Liberty Loan in the preliminary scheduled for 7:15.

The Negaunee nine is reported to be in first place in their league and it has been learned that they will bring their best pitcher with them, a fast-baller with plenty of stuff. He will be backed up by an imposing array of heavy hitters.

Rehnquist or Carlson will be on the mound for Texaco with Munising working behind the plate. Although the Stars are in the lower half of the local American league, they have played some good ball and have hit hard in most of their games. Recently they upset the Escanaba V.F.W. in a league game and last Friday night they put up a good battle with the strong Badger Mills of Peshtigo before losing by an 11 to 7 score.

The preliminary brings together two old rivals, People's Bar and Liberty Loan. Derouin or Kosttke will pitch for People's with Van Effen receiving. The battery for Liberty Loans will be Gorlitz pitching and Hirm catching.

John "Toots" Roman will umpire both games, Cliff Beaudin, Jr. will be the official scorer and George La Crosse and Earl Haddy will do the announcing over the public address system.

**CHAMP GOLFERS VISIT ESCANABA**  
Miss Berg, Miss Wall To Play With Hogan And Feller Monday

Two Upper Peninsula golf champions, Don Feller, present title holder, and Cooney Hogan, past champion, have agreed to play in a match with Miss Patty Berg and Miss Mary Agnes Wall when the pair of women links stars visit the Escanaba golf club course Monday afternoon.

The program Monday will start at 1:30 p. m. with a golf clinic featuring Miss Berg, who will show golfers some of the reasons their balls and clubs behave as they do. The match over the local course will be at 2 p. m. Visiting golfers from several surrounding cities are arranging to attend the exhibition.

After the play in the afternoon a 6:30 buffet supper will be served at the clubhouse, and dancing will follow.

**Manistique Boasts Another Feller On Junior Ball Squad**  
Manistique—Manistique Juniors defeated a junior team from Rapid River on the local diamond Friday afternoon by a score of 12 to 1. The lopsided score does not reflect discredit upon the hitting ability of Rapid River, but rather does honor to Ernie Demers, the Manistique pitcher whose pitching that afternoon was little short of sensational. The fifteen-year-old youngster struck out 14 and held the visitors down to three hits. He slammed out a three-bagger for good measure.

The local Junior league team plays at Munising today.

In Memoriam. In loving memory of our dear husband and father, Lawrence John Gelina, who passed away one year ago July 21, 1946. With cheery smile and a wave of the hand. He has wandered into an unknown land. And left us dreaming how very far it needs must be since he fingers there. Day by day we sadly yearn for the old-time step and glad return, Think of him as faring on, as dear. In the love of those who love him here; Think of him still as the same, and say: He is not dead, he is just away. Sadly missed by his wife, MRS. ROSE GELINA AND FAMILY. 5169-201-11

Ironwood Engages New City Manager. Ironwood, Mich. — Henry L. Levens, administrative assistant to Superior City Manager William J. Deegan Jr., was hired as city manager of Ironwood by a unanimous vote of six commissioners present at a special meeting this morning. Levens, who succeeds William L. Johnson, dismissed Monday after a six-year term, was appointed at the \$4,080 salary set up for the officer in the 1947-48 fiscal budget. He is expected to take over the duties about August 1, after he is released from his position at Superior, where he has been administrative assistant and purchasing officer since 1941, when the council-manager form of government was inaugurated in that city.

# STYMIE SNAGS GOLD CUP POT

Cinderella Horse Takes Racing World Series In Belmont Slop

BY SID FEDER  
New York, July 19 (AP)—The cinderella—scorching Styrmie—dropped out of the clouds in the rain and the slop at Belmont today and surged to victory in the first running of racing's World Series, the Empire City International Gold Cup.

With one mighty lunge at the wire, after he had rushed up from practically a city block behind, the turf's cheapest bargain baby hung his head on the wire in this hottest international horse race in 20 years to turn back such fancy steppers as Assault, the South American champion, Endeavour and Ensueno, and the three-year-old glamour boy, Phalanx.

And with it, took back the world money-winning title he lost to Assault last week. There was a pot of \$73,000 waiting at the finish for him and Tiny Conn McCreary in this grind, which boosted his earnings to \$678,510 for his five years of racing and put him out in front among the all-time top bankroll boys once more.

The "name" horses in the race not only didn't whip the distance-running son of Equipoise as he came roaring along in the last five-sixteenths of a mile; they couldn't even challenge him at the end. For, at the wire, it was Natchez, a Philadelphia-owned front-runner—a front-runner all hands expected to run out of gas long before the finish of this mile-and-five-eighths—who led on in a grim drive and forced Styrmie to go all out to get home by a head.

Back in third place—four lengths back, in fact—was the clubfoot comet, Assault, one-time Texas playmate of Styrmie. He made his move rounding the turn, got up close enough to almost be stepping on Natchez's tail, then seemed to peter out in the run home.

## Judge Paul J. Eger Dies Suddenly At His Lansing Home

Lansing, July 19. (AP)—Ingham County Circuit Judge Paul J. Eger, 56, prominent in city and state legal circles, died suddenly here today.

Coroner Harry Leadley said Eger's body was found at his home this afternoon. Leadley said he apparently was the victim of a heart attack.

Judge Eger was born in Bay City and received his early schooling there. A graduate of the University of Michigan in 1916, Eger moved to Lansing the following year and made his home here since.

A World War I veteran and active in American Legion affairs, he was a past commander of American Legion Post No. 12 of Lansing and was a former judge advocate of the Michigan district.

In legal practice for more than 30 years, Eger served as an assistant state attorney general from 1927 to 1932 and as Lansing city attorney from 1933 to 1945. In 1945 former Governor Harry F. Kelly named him to the Ingham county circuit court bench to replace Judge Leland W. Carr, who was appointed to the supreme court bench.

**CANDIDATE**—Mrs. Violet Patterson of Perkins and Lansing, who is a candidate for the Democratic nomination for congressman from the 11th Michigan district in the July 29 primary, has set up campaign headquarters at the Delta hotel in Escanaba. She recently returned from a vote-solicitation tour of the Lower Michigan counties in the district.

A graduate of St. Joseph's high school, Mrs. Patterson has been long active in Democratic party affairs. She was elected state vice president of the Young Democratic Clubs of Michigan in 1933 and later was a delegate to the party's national convention. Mrs. Patterson is now chairman of the Eleanor Roosevelt League of Women and a member of the Democratic state committee.

Following her graduation from St. Joseph's high school, she took business courses at schools in Milwaukee and Rock Island, Ill.

department contentions that cashing the bonds would be inflationary, Taft declared:

"It is true that it is slightly more inflationary than the payment of bonds and notes held by banks, but in my opinion the payment of \$6,000,000,000 of debt in a single year out of taxes collected from the people is too deflationary, and it will be advantageous to have part of this money, at least, paid back into the channels of trade."

Senator Barkley (Ky), the Democratic minority leader, also urged passage of the bill. He said payment of the bonds would

**Leftist Is Killed By Korean Assassin, Gunman Gets Away**  
BY ROY ROBERTS  
Seoul, Korea, July 19. (AP)—Luh Woon-Hyung, Korean leftist but anti-Communist political leader, was assassinated today by a Korean gunman who escaped.

Korean police said the assassin, who appeared to be about 26 years old, fired three shots from a .45-calibre pistol at the moving automobile of the 62-year-old Luh. Two struck the victim, who died two hours later in a hospital.

Luh, possibly the most prominent non-Communist leftist in Korea, had been repeatedly invited by American authorities to join in attempts to form a coalition government. The Americans said today, however, that he always had declined to participate, although lending his name to such movements.

Lt. Gen. John R. Hodge, American commandant of southern Korea, told a press conference that only a few days ago Luh had informed him of receiving anonymous threats by mail after trying to purge his following of Communists.

be "wise and fair" and "without detriment to the country or the treasury."

Discounting concern about possible inflationary pressure, Senator Baldwin said "it is fair to assume that some veterans will continue to hold their bonds as savings."

## Fleet Of 57 Boats In Mackinac Race

Chicago, July 19 (AP)—A record-breaking fleet of 57 boats in the universal and cruising divisions pounded toward Mackinac Island tonight as the 40th annual 330-mile voyage—longest fresh water race in the world—got under way with a fresh north-west wind ballooning the canvas.

The start of the race required one hour and 15 minutes off Chicago's Aqua theatre at Belmont Harbor this afternoon. Leaders are expected to be off the shores of Muskegon, Mich., at approximately 2 p. m. (CDT) tomorrow.

The windup is expected to be Monday night.

The vanguard had knocked off approximately 70 miles at sundown today with the 1946 universal division winner, Spindle, owned by Vita Thomas of Racine, Wis., and R. W. Schlemmer's Wyalda of St. Joseph, Mich., battling for the lead. One and one-half miles behind were two Chicago entries, W. H. Heinichen's Hornet and L. L. Karas' Cara Mia, and a Milwaukee challenger, Lively Lady, owned by William Dreher.

Leading the cruising division were two Detroit boats, the defending champion, Blitzen, owned by Murray Knapp and Ernie Grates, and Roynone III, owned by J. B. Ford, Jr.

## Day-Old Baby Dies In Incubator Fire At Toledo Hospital

Toledo, O., July 19 (AP)—An infant girl, just one day old, was burned fatally when an incubator in the maternity ward of Robinwood hospital caught fire last night, attendants said.

Earl Martin, whose own child had been born but two hours earlier, extinguished the blaze just as firemen arrived. There were 13 other babies in the fourth floor nursery at the time, but hospital staff members moved them to another room.

District Fire Chief Joseph Kenney said defective wiring caused the incubator's canvas cover to ignite. The child, daughter of Mr. and Mrs. Beryl G. Showler, weighed only one pound, eight ounces and was premature, Coroner Paul J. Hohly said.

would have the power to scrutinize FBI files and thus open them up to records which would have nothing to do with national defense.

There was abroad difference of opinion on what economies, if any, the unification measure will produce. Rep. Hoffman (R-Mich.) expressed doubt any could be accomplished.

Hoffman, expressing fear that the legislation might lead to a dictatorship, said that it represented "the culmination of over 25 years of effort by military elements to gain greater power within the government."

Much of the fight over the measure was removed by arguments within the committee before the measure was sent to the floor spelling out preservation of the Marine Corps' separate identity and assurance that the Navy shall retain its own aviation arm.

## Briefly Told

**Big Pike**—Werner Okerlund, 1415 Stephenson avenue, casting a red and white daredevil in the Escanaba yacht basin last night landed a northern pike weighing 16½ pounds for a new season record from the waters off Ludington Park. The big fellow measured 42½ inches in length and 17½ inches in girth. Okerlund was using an 18-pound test line and had a real battle landing the fish. It has been entered in the Daily Press Fishing Contest.
